The diagram shows a remote control at the top emitting red wavy lines representing signal transmission. One wavy line is labeled "送信距離 約3m以内" (Transmission distance approximately 3m). Another wavy line is labeled "送信角度 360°". Below the remote, a power outlet is shown with a plug inserted. A third wavy line is labeled "生活防水機能付" (Life waterproof function) and "火力一力ルート内蔵可能" (Built-in possible for high power route).
